Lisa Durstin called the Vermont health department and confirmed that people can travel to Vermont without quarantine beginning 2 weeks following the last covid immunization. This applies to all people entering the state. Our Court members from New Hampshire and other states may play at the club once they meet the vaccine criteria. An email will be sent out tomorrow to all club members announcing this.

The board discussed what to do if a member sold playing rights. Those who purchased playing rights can still play at the club for the designated time. The member who sold the rights can pay the club the amount they received for the remaining playing rights time and start play as soon as they are vaccinated. Judith will contact those members with sold time remaining to offer this arrangement.

Members who froze their time for this year have 2 options. The member can pay \$550 and resume play as an equity member. The other option is to pay \$15 guest fee each time they play until the new fiscal year October 1,2021.

Judith will contact designated players close to the end of their Our Court time. The designated player will be offered a lower equity membership buy in of \$175. They may purchase the rest of this fiscal year at a prorated cost or may wait until October to start the equity membership. 4 board members voted to offer the lower cost buy in and 1 voted no.

The board discussed the 3% cost of using online payments and decided to continue the practice for now. A bonus to using the reservation system is it will only allow active members to book courts. Switching to venmo was mentioned and Judith and Carol Williams will research how we could use venmo as it has 1% fee for direct bank payments. Paypal may be the ony way to collect fees through our reservation system. Judith will check with our reservation system.
